

**We are looking for you to join our international team of
successful Chip Design and Verification Engineers in our
Chipglobe Greece MIKE for 3 months**

Internship – RTL Design for ASICs (f/m/d)

ChipGlobe is focusing on RTL Design– and Verification Consulting with both Insourcing (at Customer premises) and Outsourcing (ChipGlobe Design Center) working models. Our teams work in a global setup with ASIC design, verification, and software teams in major semiconductor companies, focusing on markets in automotive, telecommunications, security, and networking. ChipGlobe headquarters is located in Munich, Germany with a ChipGlobe Entity in Singapore and ChipGlobe Design Centers in Belgrade - Serbia, Ho Chi Minh City - Vietnam, Thessaloniki - Greece, and Sofia - Bulgaria. We are more than 120 experts with an experienced management team. Based on the strong experience of our staff we manage and execute projects in a well-communicated, success-proven, and sustainable way. We love what we do and we do what we love.

We are offering you a very good practical and latest Industry Trend Knowledge build-up
