

**We are looking for you to join our international team of
successful Chip Design and Verification Engineers in our
Chipglobe Munich GmbH or ChipGlobe doo Belgrade Design Center**

Senior Implementation Engineer

Chipglobe is focusing on Design– and Verification Consulting with both Insourcing (at Customer premises) and Outsourcing (Chipglobe Design Center) working models. Our teams work in a global setup with ASIC design and verification teams in major semiconductor companies, focusing on markets in automotive, telecommunications, security and networking. Chipglobe headquarters is located in Munich, Germany with a Chipglobe Entity in Singapore and a ChipGlobe Design Center in Belgrade, Serbia. We are more than 60 experts with an experienced management team and strong growth. Based on the strong experience of our staff we manage and execute projects in a well communicated, success-proven and sustainable way.
